

Instructions for Authors

Authors are encouraged to submit contributions covering new developments and applications in LIBS Science and technology, including but not limited to:

Fundamentals; Chemometrics and Quantification; Calibration Free; Molecular; Hyphenated Techniques; Industry; Mining; Space; Underwater; Instrumental; Other.

A one-page abstract, using the template provided here ([link](#)) should be uploaded in the submission page ([link](#)).

Please follow the template, do not change the margins or the font type.

You can save your file as PDF and upload it.

In addition, you should fill in the online form the following fields:

Title (xx ch)

Authors (xx ch)

Affiliations (xx ch)

Short Abstract (150 characters)

Abstracts will remain editable by the authors until the deadline.
